

SCRUB RENTAL SERVICE

How the Service Works

In light of changing times, the practice of home laundering scrubs is increasingly under scrutiny with the risk of your staff bringing containments into your facility as they make their way from home to work. And at the end of their shift, there are growing concerns about the contaminants they may take out of the facility. One way to help limit unnecessary transmission is to stop the practice of home laundering scrubs altogether.

The Cintas Scrub Rental Program routinely delivers hygienically clean scrubs, replacing the need for home laundering.

	CINTAS SCRUB RENTAL PROGRAM	HOME LAUNDRY
No upfront cost or management of program	✓	✗
Hygienically clean wash process, which reduces the presence of microorganisms	✓	✗
Washing according to CDC guidelines	✓	✗
