

Vendor Credentialing

Easy for you, preferred by vendors.

Healthcare is driven by relationships: when the right people connect at the right moment, it can save time, improve outcomes, and ultimately impact lives. At symplr, we make vendor management as easy as possible by embracing advanced technology, streamlining processes, and crafting the program that best fits your needs.

In a 2019 survey of 2,000+ vendors, symplr was rated highest for ease of use & overall experience.

Secure, Fast Check-in with symplrPass

symplr's internet-free system with symplrPass check-in technology means no stress for IT and fast access for compliant vendors.

Mobile app for Admins and Vendors

Manage your program on the go. Vendors can check in and out, make appointments, and keep their credentials up to date.

Quick-View Dashboards

Know who's onsite or out of compliance at a glance with our easy-to-use dashboards.

Fully Customizable to fit Your Needs

Every organization is different, so we'll work with you to define the credentials and access levels that are best for you.

Built-in Background Checks

All symplr vendors undergo annual background checks and OIG compliant healthcare exclusion screening to ensure the safety of your staff and patients.

Comprehensive Reporting

Whether you need daily reporting at the health system level or quick access for audits, your data is at your fingertips.

"As a symplr customer, we always feel that we matter and that our issues are important because they reply so quickly with relevant responses."

Phillip Bateman
Director, Materials Management, Woman's Hospital Baton Rouge

Best-in-Class Support

With dedicated account teams and hands-on vendor support just a phone call, chat or email away, we lead with one-to-one support.
